Dear _____

As a school, we take your health and safety very seriously. As part of our responsibility to safeguard you we need to make staff and visiting staff aware of any medical conditions that may require treatment or attention during the school day. The easiest way of ensuring this information is seen by, and is accessible to all staff members including visiting staff, is to display this along with a photograph of you on a designated notice board located in the staffroom.

To make sure that we comply with the General Data Protection Regulations (GDPR), we need to ask for your consent to display your medical information in this way. If you are happy for us to display a photograph of you with details of your medical condition and any medication or treatment that you might require in an emergency situation, please complete the declaration below.

Consent for Medical Information to be Displayed in the School Staffroom

I give my consent for my photograph to be displayed in the school’s staffroom, along with details of my medical condition and any associated information which may be required in an emergency situation.
