Dear Parent/Carer,

As a school, we take the health and safety of your child very seriously. As part of our responsibility to safeguard your child, we need to make staff, including visiting staff aware of any medical conditions that may require treatment or attention during the school day. The easiest way of ensuring this information is seen by, and is accessible to all staff members including visiting staff, is to display this along with a photograph of your child on a designated notice board located in the staffroom.

To make sure that we comply with the General Data Protection Regulations (GDPR), we need to ask for your consent to display your child’s medical information in this way. If you are happy for us to display a photograph of your child with details of their medical condition and any medication or treatment that they might require in an emergency situation, please complete the declaration below.

Consent for Medical Information to be Displayed in the School Staffroom

I Parent/carer of
..... give my consent for my child’s photograph to be
displayed in the school’s staffroom, along with details of their medical condition and any
associated information which may be required in an emergency situation.

Signed:

Date:

If you have any questions or would like to discuss this matter further, please contact the school office.

“A Communion of high achieving Catholic schools where every person meets Jesus and grows uniquely in God’s love.”
