Lenten Challenge

Dear parents / carers,

Thank you for rising to the challenge of supporting Red Nose Day and the Give it up Challenge which will continue until the end of term. Thank you to everyone who will be supporting the Easter Bingo too.

The next challenge is an Easter Garden competition. Children are asked to make an Easter Garden at home and bring it in on the last day of term with a donation of £1 to help our fundraising. Children in Bumblebees Class who attend school for the first half of the week may bring their gardens on Wednesday. Their entries will be judged and a prize given in each year group. If you are unfamiliar with the idea of an Easter Garden, try searching on Google for images. They are sometimes called Resurrection Gardens too. Any materials can be used as well as any amount of imagination.

Thank you for your support, kindness and generosity in carrying out our Lenten promises. We will continue to pray, fast and give money to help others. All the money we raise during the rest of Lent will be given to CAFOD and Macmillan Cancer Support, who have helped so many people in our SAW family.

Yours sincerely

Mrs Morrisroe
